## My Angel

Its cold outside  
And the winter snow  
Is falling around us

I watch you smile  
And the tears inside  
Well with my love for you

I watch you dream  
So sweetly  
You are my angel

You'll always be  
My true love  
Always my angel

My love grows strong  
As the years go by  
Deep within the heart of me

I'll always feel  
Like a lucky man  
For you are a part of me
